

Scott Jacobs - 18 Years To Blame
Misc Your Songs

[Intro]

G Em7 Cadd9 Cadd9

[Verse]

G Em7
So whatever happened to the way this used to be

When we had 18 years to blame

G Em7
We'd waste away those Friday nights on that empty roof

We'd drink away those teenage fears

G Em7
And I thought I knew the answers I thought I knew my way
Cadd9

I thought I'd never have to say

Am7 Am/B Cadd9

That god I miss those days

Am7 Am/B Cadd9

And god I miss that place

[Chorus]

G C
We'll go there tonight, Get flying high

Em7 D Cadd9
Waste another hour on a Friday night

G Cadd9
I've waited my life, Oh just to find

Yah just to find that these days

Cadd9

Were the best of our lives

Oh oh oh oh, We'll go there tonight

We'd light a fire where that hotel used to be
