

**Surname Magne Sortland - Heaven**

**Misc Your Songs**

this is not a artist who s known! the artist is me, and I hope you can put my song in!=) thanks;)

(intro)

Vers 1:

**G**                         **D**                         **C**  
The pathway leads us to an old tree  
**G**             **D**   **C**  
everywhere there s something looking at me  
**G**             **D**   **C**  
I can t see the light at the end of the tunnel  
**Em** **D**   **C**  
that leads us to heaven

Vers 2:

**G**                         **D**                         **C**  
The light is warmer than before  
**G**   **D**                         **C**  
the creaming voices just seems to fade away  
**G**             **D**             **C**   **Em**             **D**   **C**  
crawling further deeper just to see the stairway to heaven  
                              **Em**             **D**   **C**  
just to see the stairway to heaven

Refreng:

**G**                         **D**                         **C**  
Heaven is nothing like we thought it would be  
                              **G**             **D**                         **C**  
its been killed by the eye of the one s who can t see  
**G**             **D**   **C**  
its the place we all see but never could reach  
**Em**             **D**   **C**  
its just God who sais:  
**Em**                         **D**   **G**  
Welcome, Welcome to heaven

(intro)

Bridge:

**Em**             **G**   **D**   **C**  
All we knew is fading away in the sunset  
**Em**             **G**             **D**   **C**  
All we felt slipse away from the palm of my hand  
                              **Em**                         **D**   **C**   **D**  
and I m scared, oh yeah I m scared of everything oh

Refreng:

**G**                    **D**                    **C**  
Heaven is nothing like we thought it would be  
**G**                    **D**                    **C**  
its been killed by the eye of the one s who can t see  
**G**                    **D**                    **C**  
its the place we all see but never could reach  
**Em**                  **D**                    **C**  
its just God who sais:  
**Em**                  **D**                    **G**  
Welcome, Welcome to heaven

(intro 2x followed by an Outro) --> Em - D - C - D - D - G
