

**Will Posner - Where Were You**  
**Misc Your Songs**

Ok so this is the first tab I've ever submitted, but I'm starting to write my own music and I'm trying to it out to everyone. I'm not a signed artist nor do I have any upcoming record deals; I just want to get my out. If you have any questions or comments, email me at Dream22463@e-garfield.com. (Make sure you end it with a Cadd9, I think it sounds really good).

Title: Where were you

By Will Posner

INTRO: **Asus4**, **G?** x6

VERSE:

**Asus4 G?**

I come here

To an empty room

Over there

Where I used to loom

PRECHORUS:

**F? Dm7**

Now I'm out

Not knowing what to do

But I don't need answers

**Dm**

Answers like you

CHORUS:

**Am G? Dsus4**

Where were you in my darkest place and  
Where were you in my hour of grace and  
Where were you in my overactive sleep and  
Where were you; I'm so deep

VERSE:

I took a chance  
Walked into the beam  
Now at last  
Things aren't so mean

PRECHORUS:

So I failed  
I'm an ugly bird  
But I'll still fly  
Singing all my words

CHORUS:

Where were you in my darkest place and  
Where were you in my hour of grace and  
Where were you in my overactive sleep and  
Where were you; I'm so deep

REFRAIN:

**Bm**

Expectations  
Cadd?  
Were drawn up

**Bm**

Disappointments  
Cadd?  
I don't have much luck

**F C**

But I'm doing fine  
Not that you asked

**C2**

So I will not embark to the past

CHORUS:

Where were you in my darkest place and

Where were you in my hour of grace and  
Where were you in my overactive sleep and  
Where were you; I?m so deep

END:

INTRO

**Asus4 Cadd9**

Where are you now?
