[Verse]

B G F#
your future is in an oblong box, dont try to be a baby
should have seen the end a coming on, dont try to be a baby
i dont know what was in your power, dont try to be a baby
dead end girl for a dead end guy, dont try to be a baby
now your life drains on the floor, dont try to be a baby

die die die my darling, dont utter a single word

B G F#
die die die my darling, shut your pretty mouth

E B
i ll be seeing you again

E G B
i ll be seeing you....in hell
