

Still Waiting
Missionless

Who I am
Performed by as recorded by Missionless

Chords - D | A | Bm | G all the way through.

(Verse)

A casual walk down the lane one day
Seemed to take ages to get to where I wanted to go.
And on the lane I came across a delay.
There seemed to be trouble, a piece of bad luck, so...

(Chorus)

I did what I could
I gave helping a hand
Nobody else would
It reminded me really of who I am.

(Verse)

I left the incident with much a exalt,
Back to my walk down the endless lane.
Then the lane suddenly came to a halt.
There s no going back now, it drives you insane.

(Chorus)

I went as far as I could
Nobody lent me a hand.
But everybody should.
It all reminded me really of who I am.

(Guitar Solo)

I went as far as I could
Nobody lent me a hand.
Nobody really would.
It all reminded me really of who I am.
