Ooh ooh ooh Ooh ooh ooh ooh ooh ooh

I know all the lines to say the part Im expected to play

**F Bb F Gm C**  
But in the reflection I am worlds away

**F Bb F Bb F**  
As I put my costume on eyelashes one by one

**Bb F Gm C Bb**  
Been doing this so long I can tie the knot behind my back  
**C F Gm**

And everyones waiting

**Bb C F Gm Bb C**  
But its getting harder to hear what my heart is saying cos every ones

**F Bb F Bb F C**  
waiting

**F Bb F Bb F**  
Just swallow and breathe she says remember this aint for you its for them

**Bb F Gm C**  
And all of those painful lessons youve had to learn

**Bb**  
You gotta use them now or never

**C F Gm Bb C**  
Cos everyones waiting but its getting harder to hear

**F Gm Bb**  
What my heart keeps saying

**C**  
Turn it off I wanna turn it all off

**C F Gm**  
When everyones waiting

**Bb C F Gm Bb**  
It makes it harder to hear what my heart keeps saying

**C**  
Turn it off I wanna turn it all off

**F Gm Bb C F Gm Bb**  
But everyones waiting I hear the answers appear when you just stand still

**C**  
But make it all how do you make it all stop

**F Bb F**  
When everyones waiting every ones waiting
