

**Stuff And Nonsense**

**Missy Higgins**

This song sounds nice strummed out or if you pick out the notes individually, and there a lot of room for improvisation that way. I figured this out by ear and i think it better than some of the other versions.

Verse

**D A G Em**

Disobey my own decisions  
I deserve all your suspicions  
First it s yes and then it s no  
I dilly dally down to duo

**Am Em G Em**

But I have No secrets that I babble in my sleep  
**G Em A**  
I won t make promises to you, that I can t keep

Chorus

**D G D A**

And You know that I love you  
Here and now not forever  
I can give you the present  
I don t know about the future, that s all

**Em G A**

Stuff and Nonsense

Verse 2

I once lived for the future  
Every day was one day closer  
Greener on the other side, Yeah  
I believ before I met you  
But I soon learned  
You love burned brighter than the stars in my eyes  
Now I know how and when, I know where and why

Chorus 2X
