

The Sound Of White
Missy Higgins

The only version up here is rubbish and was driving me insane so I decided to tab it myself so that other, nearly as insane people, could use it :-)

Standard Tuning.

Intro

G G/B Cadd9 C

V1

G **G/B**
Like a freeze-dried rose, you will never be,
Cadd9 **C**
what you were, what you were to me in memory.
G **G/B**
But if I listen to the dark, you'll embrace me like a star,
Cadd9 **C**
envelope me, envelope me...

Prechorus

G **G/B**
If things get real for me down here,
Cadd9
promise to take me to before you went away -

if only for a day.

G **G/B**
If things get real for me down here,
Cadd9
promise to take me back to the tune we played,
C **Dsus4 D**
before you went away.

Chorus

G **D** **C**
And if I listen to, the sound of white,
D **G**
sometimes I hear your smile, and breathe your light.
D **C** **D**
Yeah if I listen to, the sound of white ..
G **G/B** **C**
You're my mystery. One mystery. My mystery. One mystery.

V2

G
My silence solidifies,
G/B **C**
until that hollow void erases you,
Cadd9
erases you so I can't feel at all.
G **G/B**
But if I never feel again, at least that nothingness
Cadd9 **D**
will end the painful dream, of you and me...

Prechorus

G **G/B**
If things get real for me down here,
Cadd9
promise to take me to before you went away -

if only for a day.
G **G/B**
If things get real for me down here,
Cadd9
promise to take me back to the tune we played,
C **Dsus4 D**
before you went away.

Chorus

G **D** **C**
And if I listen to, the sound of white,
D **G**
sometimes I hear your smile, and breathe your light.
G **D** **C**
And if I listen to, the sound of white,
D **G**
sometimes I hear your smile, and breathe your light.
D **C** **D**
Yeah if I listen to, the sound of white ..

Middle 8

Em **C** **G**
I knelt before some strangers face,
D **(B/D#)**
Well I'd never have the courage or belief to trust this place,
Em **C**
But I dropped my head, cos it felt like lead,
G **B7** **C D**
And I'm sure I felt your fingers through my hair...

G **D** **C**
And if I listen to, the sound of white,
D **G**
sometimes I hear your smile, and breathe your light.

Yeah if I listen to, the sound of white
The sound of white,
The sound of white,
The sound of white,
