Verse 1

| Bm A/C# | D |
I ve hardly been outside my room in days |
| Bm A | D |
cos I don t feel that I deserve the sun shine s rays |
| Bm A/C# | D |
The darkness helped until the whisky wore away |
| Bm A | D |
And it was then I realised that conscience never fades |
| Bm A/C# | D |
When you re young you have this image of your life |
| Bm A | D |
That you ll be scrupulous and one day even make a wife |
| Bm A/C# | D |
And you make boundaries you d never dream to cross |
| Bm A | D |
And if you happen to you d wake completely lost |

Pre-Chorus

| G A | Bm A G |
But I will fight for you, be sure that I will fight |
| Bm A | G A |
Until we re the special two once again |

Chorus

| Bm A/C# |
And we will only need each other |
| D G |

We ll bleed together our hands will not be taught

| **Bm** **A** |

To hold another s

| **Dsus4** **D** |

Cause we re the special two

| **Bm** **A** |

And we could only see each other

| **D** **G** |

We ll breathe together, these arms will not be taught

| **Bm** **A** |

To need another s

| **Dsus4** **D** |

cos we re the special two

Interlude

| **Bm** **A** | **D** | x2

Verse 2

I remember someone old once said to me

That lies will lock you up with truth the only key

But I was comfortable and warm inside my shell

And couldn t see this place would soon become my hell

So is it better to tell and hurt or lie to save their face

Well I guess the answer is don t do it in the first place

I know I m not deserving of your trust from you right now

| **Bm** **A** | **D** **G** |

But if by chance you change your mind you know I will not let you down

| **Bm** **A** | **G** **A** |

cos we were the special two and will be again

Chorus

And we will only need each other

We ll bleed together our hands will not be taught

To hold another s

Cause we re the special two

And we could only see each other

We ll breathe together, these arms will not be taught

To need another s

| **G** **A** |

cos we re the special two

Middle

| **Em** **A** | **Bm** |

I step outside my minds eye for a minute

| **Em** **A** |

And I look over me like a doctor looking for disease

| **Bm** |

Or something that could ease the pain

| **Em** **A** |

But nothing cures the hurt you

| **F#** **G** |

You bring on by yourself

| **G** **Asus4** **A** | **D** |

Just remembering just remembering how you were

Chorus

Outro

| **Dsus4** **D** |
