Missy Higgins - We Ride

Tabbed by Kate

C **Bb** **F**
 Suddenly I

C **Bb** **F**
feel anything is possible

C **Am** **G**
Through the dust cloud comes you

C **Bb** **F**
This spinning circle of flames

C **Am** **G**
And you re covered in dust, sweat and paint

F **G** **Am** **C**
We are sparkles in the desert, we re rainbows in the night, we are

F **G** **Am** **C** **F**
Ever-changing shadows who ve just been set alight and it ll end soon...

G
...This holiday from time...

C
But tonight we ride

F **Am** **G**
At the edge of the earth where the soul flies

C **F**
We ride

Am **F** **G**
On the edge of the world, where the light never dies

C **F** **G**
We ride

C **Bb** **F**
You meet me in the middle

C **Am** **G**
And we lower our heads to the storm

C **Bb** **F**
Out here I feel so little

C **Am** **G**
Oh, but somehow I ain t scared at all

F **G** **Am** **C**
There are ghost figures and balaclavas, animals on bicycles

F **G** **Am** **C** **F**
Floating cars and open bars, I never knew such life and it ll end soon

G
...This sweet absence of time...

C
So, tonight we ride
F Am G
At the edge of the earth where the soul flies
C F
We ride
Am F G
On the edge of the world, where the light never dies
C F
We ride
Am G
To keep it alight, keep it alive
C F
We ride
Am F G
On the edge of the world, where the light never dies
C
We ride...

Beautiful song, Missy is my very favourite.
