

**Wild Thing**  
**Misty Miller**

The tabs were made for ukulele, but they ll also work for guitar (because that s how these things work).

**C**

Wild thing

**Em D F**

I ll eat you up into something new

**C**

**Em**

You ll say last night in my room

**D F**

A forest grew and grew

**C**

Until the walls were green

**Em D F**

And from the ceiling fell vines

**C**

**Em**

**D**

**F**

And you lay there wishing your world was mine

**C**

**Em**

**D**

**F**

You jumped into a boat and sailed out very far

**C**

**Em**

**D**

**F**

For weeks and years until you came to where the wild things are

**G**

**F**

**C**

**Cmaj7**

And they roar, and they roll, and they claw with their terrible eyes

**G**

**F**

Be still you will say and they ll fall

Cause you re the wildest of all

**C**

**Em**

**D**

**F**

**C**

**Em**

**D**

**F**

There s a wild thing inside of our souls

**C**

**Em**

**D**

**F**

And a sense of home from young to old

**C**

**Em**

**D**

**F**

Inside of each of us there is a hidden child

**C**

**Em**

**D**

**F**

All you have to do is learn to be wild

**G** **F** **C** **Cmaj7**  
 And they roar, and they roll, and they claw with their terrible eyes  
**G** **F** **C** **Cmaj7**  
 Be still you will say and they ll fall  
**G**  
 I am the sun  
**F** **C** **Cmaj7**  
 I will rise and I ll set  
**G** **F**  
 But you re the brightest thing that I ever met
