Moa Lignell - You Had It All
Different Path (2012)

capo on 1th fret

INTRO: **Am, Em, F, G**
Am, Em, F, G, Am

Am **Em**
She used to be the girl that you wanted
G **Am**
Her eyes were blue and so were you
Am **Em**
But you were only there for the dreaming
G
Nothing s real
Am
in what you feel
F **G**
You never really had a clue -
F **Am**
That it might be too much for you

Am
And now you re running out of pain
G
You re a dancer in the rain
Am **G**
Remember what I say - hmm hmm
Em **G**
That nothing that you do will be good for you
Am
You had it all
G
But now you took it way too far
F
You are losing all control
Em **Am**
Think of all the hearts you stole - hmm hmm
Em **G**
You do it just for fun, tell me when you re done

Am **Em**
You see this is part of your life now
G **Am**
Games you play, they fade away
Em
I guess you need to see what you re doing
G **Am**
You re off again and this time I know you when
F **Am**
You want them to believe your lies
F **Am**
You don t know how to make it right

Am
And now you re running out of pain
G
You re a dancer in the rain
Am **G**
Remember what I say - hmm hmm
Em **G**
That nothing that you do will be good for you
Am
You had it all
G
But now you took it way too far
F
You are losing all control
Em **Am**
Think of all the hearts you stole - hmm hmm
Em **G**
You do it just for fun, tell me when you re done
