

September Days  
Modern Skirts

I had a hard time trying to get the chords to line up with the lyrics like i wanted, but basically its just

D----/A----/Em----/---- enjoy.

The little riff played after the Em is something like:

```
e-----|
B-----|
G-----|
D---2/4---2p0---0---2/4---4-----|
A-----|
E-----|
```

D A Em  
September days are the nicest days of the years.

D A Em  
Everything changes and green turns to brown in your eyes.

D A Em  
Anticipating anxiety and disbelief.

D A Em  
September days are the nicest days of the years.

D A Em  
I ve been painting the windows of your hotel.

D A Em  
The sidewalks are straining to catch me and keep me the night.

D A Em  
Anticipating the shadows changing, week by week.

D A Em  
I ve been painting the windows of your hotel.

Em D  
All along the streets are strangers filing into town  
G  
but you and I must save a place for shadows on the ground.

D A Em  
September days are the nicest days of the year.
