A **C#m** **Bm** **E**
Behind brown eyes she s mystified my China woman, oh no

It s like a dream, the moon turns green, my China girl don t go
I believe, I believe, I believe I fly, I m writing hearts to you
And I wait, and I wait see I wrote in the sky
Take my heart, what have I got to do?

[Chorus]

She has China in her eyes. Can t you see it?
China in her eyes. Can t you feel it?
China in her eyes. A secret smile
Oh can t you see it s you and me
My China woman oh no.
I miss you so, can t let you go
My China girl don t go

[Chorus]

She has China in her eyes. Can t you see it?
China in her eyes. Can t you feel it?
China in her eyes. A secret smile
Oh can t you see it s you and me
My China woman oh no
I miss you so, can t let you go
My China girl don t go

[Outro]

From the moon to the stars and all around the universe
This is a dedication to you. China in your eyes
