[Verse]

Dm **Am**
A man looks down, A broken hope.
Dm **Am**
A woman cries, she can't cope.
Dm **Am**
A child looks up with tear in his eye,
 C **G**
Knowing well where his body could lie.
Dm **Am**
Disaster is now a lonely field,
Dm **Am**
A call to action, forge your shield.
Dm **Am**
Lose our shadow, strengthen your will.
C **G**
Redemption never came from standing still.

[Chorus]

F **C** **G**
A history reborn
F **C**
But not without consequence,
 G
Every rose has its thorn.
F **C** **G**
It's not a brand new day.

F **C** **G**

A bloody sky and a river washes away.
