Problem Me

```
verse1   C C F F A A C C (3x) C C F F A A G G
chorus   A A G G F F F F (4x)
verse2   C C F F A G C C (3x) C C F F A A G G
chorus
outro    C C F F A G C C (4x)
```

Doesn t get more simple than that.
Come with me
Staying here would change what you should be
A parody of all the things that you supposed to be
Let it go
Even when it hurts like you don t know
Reality: It s never quite the sweetest ride, you see
And then you hide- red wine, old times, no time, cash flies
This time, I might blow into smithereens
Like Jack, come back Christmas, where you ve been?
Relax, tell me what s the worry
Who s the problem me?

(repeat)
