this song is pretty easy. the intro is like this

```

```

you do that a few times then when rob starts singing its

A D C and then repeat the intro

then its

```
Em                D                C
waiting for the puchline,and ive been here for seven days
```

then repeat the intro and do a few more verses then it goes into

```
Em                C                A
My mother told me,bout the likes of you...
```

then they go into a jam which is like

```
-----|
-----|
-----|
-----|
--3----2--3-2-----|
---3-5-----6-5-----|
