

Glasgow Mega-snake

Mogwai

First of all, I d like to say thanks to Scott; the anonymous submitter of the intro for first two lines of my tab.

The sections enclosed by question-marks are parts I honestly have no idea about. If you you know the correct tab to one of these parts, please email me!

There are a lot of instruments in this track. My tab follows whatever guitar happens to out most in any particular bar. Please don t complain that the tab doesn t cover all the I already know this!

I included the bass in the next part. I know the timing in it is wrong, I ll sort it out
time I update.

This is the part where it sounds quieter.
