UNDERGROUND (Radio Mix)

Moist

from the album ?Machine Punch Through? (2001)

transcribed by Steve Garner (s\_garner@hotmail.com)

NOTE:

Although the original album version from ?Mercedes Five and Dime? has a longer and more mysterious intro, there aren?t really any guitar parts until the first verse. The radio mix version which I?ve transcribed here has an acoustic intro, but the rest of the song is basically the same as the album version. All chords are listed at the bottom.

INTRO: **C(add9) G A7sus4 Em7** (x4)

VERSE:

**C(add9) G**  
Sitting by a Judas mantel  
**Bm Em**  
Underneath where I can tell  
**C(add9) G**  
Found the places I?m destroying  
**Bm Em**  
Only hoped you?d be there still  
**C(add9) G**  
Could not find a way to be it  
**Bm Em**  
I don?t even mind this time  
**C(add9) G**  
Here we?d like to get things over  
**Bm Em**  
Life, love, anything at all

CHORUS:

**C(add9) G A7sus4 Em7**  
And when the morning comes we?ll sit here  
**C(add9) G A7sus4 Em7**  
And when the atom breaks we?ll just stare  
**C(add9) G A7sus4 Em7**  
And my life goes underground

**C(add9) G A7sus4 Em7**  
And my life goes underground

VERSE:

Sitting by a Judas mantel  
Underneath, well I've been there  
Could not right the only pieces  
Test out anything you will

CHORUS:

And when the morning comes, we sit here  
And when the atom breaks, and we stare  
And my life goes underground  
And my life goes underground

VERSE:

Sitting by a Judas mantel  
Very well what we define  
Counted up the broken pieces  
Here we want to redefine  
All dementia memory brought for  
All the weakness we can't tell  
Understood that I discover  
Right here everything is well

**C(add9) G Bm Em (x4)**

CHORUS:

And when the morning comes, we'll sit here  
And when the saddle breaks, I'll stand still  
And my life goes underground  
And my life goes underground

(switch to VERSE chords):

And my life goes underground  
And my life goes underground  
And my life goes underground  
And my life goes underground...

If I left it all the same, well it doesn't mean  
No it doesn't mean that it's not personal  
And I never understood why the faces fade  
It's so irrational  
As the atoms start to phase  
And I knew it couldn't mean that much to me  
And I never understood where the friends all go  
No it's not so personal

(end with CHORUS chords):

And my life goes underground  
And my life goes underground  
And my life goes underground  
And my life goes underground....
