

The Past
Moments in Grace

[Verse]

C# **A**
I watched as the dark fades to dawn
F#m **G#m** **A**
And wish the past never happened
A **B** **E**
Never happened
F#m **A** **C#m**
Never happened
F# **A**
Never happened

[Verse]

C#m **C#m** **E** **F#m** **A**
Walking home as the street lights are turning off
F#m **C#m** **E** **F#m** **A**
And the print on the printers is hardly dry at all
F#m **C#m** **E** **F#m** **A**
My blood shot eyes struggle to adjust to the sun
F#m **C#m** **E** **F#m** **A**
I always stop, but I know that I was wrong
F#m **G#m** **A** **G#m** **C#m** **B** **A**
I wish the past never happened to you

[Chorus]

G# **C#m** **B** **A**
Happened to you
E **C#m** **B** **F#m** **A**
Happened to you

[Verse]

C# **B** **A**
Quietly turned away trembling
F#m **C#m**
I felt the weight of your words
F#m **A**
As they finally matched your lips
F#m **C#m**
I would give anything to take away
C#m **A**
This pain you live with
C#m **B** **E** **F#m** **A** **B**
I d give you my soul, I d give you this wish
F#m **G#m** **A** **G#m** **C#m** **B** **A**
I wish the past never happened to you

[Chorus]
