

**Voices Of Doom**  
**Mono Inc.**

So People, this is my First Chords/tab i ever made.

It is Played in Standard EADGBE-Tuning, its not really complex, and im not so sure, if it s 100%Correct. But it sounds good, when you play it on a acoustic Guitar, so have fun with it.

Tabbed by me and my beautifull girlfriend. :D

Enjoy
