Bb Eb  
My heart beats slow. My head hangs low.  
G# Eb F  
I m driving all night just to make sure you know.

Crossing the line, I leave the US behind.  
G# Eb F  
Daylight will come soon. I hope I m in time.  
Bb Eb  
To hold you fast. To make the moment last.  
G# Eb F  
We ll start it all over, and forget the past.

Chorus:

Eb F Bb Bb/A  
Lie to me.  
Eb F Bb Bb/A  
Tell me everything you do is for a reason.  
Eb F  
Tell me that you re teasing.  
Eb F  
It s not me you re pleasing.  
Eb F G# Eb F G# Eb F  
And it feels like open season on me.

I find your hotel in the cleanest part of hell.  
I ponder existence in a Mexican jail.  
But I show some restraint, the compassion of a saint.  
This whole situation s my only complaint.  
So, I pace the lobby floor, watch the elevator door.  
And wait as it opens to find what s in store.

Lie to me.  
Tell me everything you do is for a reason.  
Tell me that you re teasing.  
It s not me you re pleasing.  
Eb F Bb Bb/A  
And it feels like open season on me.

Tell me that you re teasing.

It s not me you re pleasing.

**Eb F G# Eb F G# Eb Bb**

And it feels like open season on me.
