

Fear And Love
Morcheeba

Verse 1:

Fmaj7 **Am** **Asus4**

We always have a choice

Am

Or at least I think we do

Fmaj7 **Am** **Asus4**

We can always use our voice

Am

I thought this to be true

Fmaj7 **Am** **Asus4**

We can live in fear

Am

Extend ourselves to love

Fmaj7 **Am** **Asus4**

Or we can fall below

Am

Or lift ourselves above

G **Am**

Fear can stop you loving

G **Am**

Love can stop your fear

G **Am**

Fear can stop you loving

G **Am**

But it s not always that clear

Verse:

I always try so hard

To share myself around

But now I m closing up again

Drilling through the ground

Chorus:

Fear can stop you loving

Love can stop your fear
Fear can stop you loving
But it s not always that clear

Verse:

I d love to give myself away
But I find it hard to trust
I ve got no map to find my way
Amongst these clouds of dust

Chorus:

Fear can stop you loving
Love can stop your fear
Fear can stop you loving
Love can stop your fear

Fear can stop you loving
Love can stop your fear
Fear can stop you loving
But it s not always that clear

But it s not always that clear
But it s not always that clear
But it s not always that clear
