      C              Am              D              C              F
What does it profit a man to gain the world
And loose his soul ?
If you don t know where you re coming from
You don t know where you re heading past
Present and future
```

[Chorus]

```
      C              Am              D              C
Every man must know their past
So we can stand firm in the future, yes
Every man must know their past
So we can stand firm in the future, yes
```

[Verse 1]

```
      C              Am              F
History can recall, it can recall
The true essence of ourselves which we have lost
Trying so hard to attain for the future
We have let go what has kept us since creation
But through the Divine powerhouse of life
We ll know past, present and future
```

[Chorus]

C **Am** **D** **C**
Every man must know their past
So we can stand firm in the future, yes
Every man must know their past
So we can stand firm in the future, yes

[Verse 2]

C **Am** **F**
So many of us have gone astray
Chasing dreams which only fade away
Ignoring the blood, sweat and tears of our forefathers
Breaks the connection to our ancestors
We must all have true awareness of self

[Chorus x2]

Stand firm, stand firm, stand firm...
