INTRO

C **Dm** **F** **C**
Father, all i m asking for is four minutes of your time
To say a few words thats been playing in my mind
See i dont have a problem with the way my life s been goin
But i have thoughts and its you I should be tellin
You ve given me five children by two differnt women
and i ll always love um both but i m still searchin cause i have nt
yet found my wife sent to me from heaven and this is what i m wondering, yea
[Chorus]

C **G** **Am** **F** **C**
Is there a woman out there to truely love me and show me care
I ve tried 2 times but i m still yet not a man in love
What good is the world to me if it ain t gat a wife for me
When all i really wanna be is just a man in love

C **G** **Am** **F** **C**
Listen, I dont live or myself but they dont understand
Cause you gave me this gift to sing throughout the land
I know there only women and i should show compassion
But they never stick around and wait for that to happen
All they see is that i m all around the world
Thinking in every country I have a different girl
Sometimes I say to myself why is she doin this to me
Why she tryna bring me misery

[Chorus]

C **G** **Am** **F** **C**
Is there a woman out there to truely love me and show me care
I ve tried 2 times but i m still yet not a man in love(Whoa Whoa)
What good is the world to me if it ain t gat a wife for me
When all i really wanna be is just a man in love

C **G** **Am** **F** **C**
I wonder why all my trials never add up
To say bye, bye all those times though i d have enough
To see my child without a dream and have to give up
Lord make me a man and i m worthy of love so
Being ungreatful is the last thing I could l ever think of doing

Achieving my dreams and given my children a future is all your doin
But true love i m searchin for to be complete
Father send me someone cause i m a patient that waits

[Chorus]

C **G** **Am** **F** **C**

Is there a woman out there to truely love me and show me care
I ve tried 2 times but i m still yet not a man in love(Whoa)
What good is the world to me if it ain t gat a wife for me
When all i really wanna be is just a man in love

C **G** **Am** **F** **C**

Tell me father,
Is there a woman out there to truely love me and show me care
I ve tried 2 times but i m still yet not a man in love(Oh)
What good is the world to me if it ain t gat a wife for me
When all i really wanna be is just a man in love.....
