Do Your Best And Don~t Worry  
(Morrissey/Alain Whyte)

This is the sixth song off of -Southpaw-. I would have love to sit down and figure out the bass because it is really cool. But I have only figured out the guitar chords. Please note that the chords are played at different positions all over the fretboard; and some of the chords (like E and at the end of the song where the chord G is played) are played with sustained notes which gives this song it~s rich flavour. Also, I got the lyrics off of -Cemetary Gates- (<http://www.public.iastate.edu/~krajewsk/>), a Smiths homepage on the internet.

The intro bass line (which I have transcribed for guitar) is:

E	-----		-----		-----										
B	-----		-----		-----										
G	-----		-----		-----										
D	----8----	8-----	3-----	3-----		----8----	8-----	3-----	3-----						
A	---8----	8-----	8-----	3-----	3-----	3-----		---8----	8-----	8-----	3-----	3-----	3-----		
E	-6-----	6-----	6-----	1-----	1-----	1-----	1-----		-6-----	6-----	6-----	1-----	1-----	1-----	

<b>Am</b>	<b>F</b>	<b>Am</b>	<b>F</b>	<b>Am</b>	<b>Dm</b>	<b>E</b>	<b>Am</b>	
	<b>F</b>		<b>Am</b>		<b>F</b>		<b>Am</b>	<b>Dm</b>
