INTRO - Am Em

Am F Something in you caused me to, Take a new tact with you, Am You were going through something, I had just about scraped through Am Am F G \mathbf{F} G Why do you think I let you get away, With the things you say to me?, С D F С D F Could it be I like you, It s so shameful of me, I like you

No one I ever knew or have spoken to, Resembles you, This is good or bad, all depending on, My general mood Why do you think I let you get away, With all the things you say to me?, Could it be I like you, It s so shameful of me, I like you

FCMagistrates who spend their lives, Hiding their mistakesFCGCThey look at you and I, and, Envy makes them cry, Envy makes them cry

Am Em

Forces of containment, They shove their fat faces into mine, You and I just smile, Because we re thinking the same lines Why do you think I let you get away, With all the things you say to me?, Could it be I like you, It s so shameful of me, I like you

You re not right in the head and nor am I, And this why, You re not right in the head and nor am I, And this why This is why I like you, I like you, I like you, This is why I like you, I like you, I like you Because you re not right in the head, and nor am I, And this is why, You re not right in the head, and nor am I And this is why, This is why I like you, I like you, I like you, I like you This is why I like you, I like you, I like you, I like you I like you, This is why I like you, I like you
