\mathbf{Em}
Αm
        Em
               C7
                      Am
                           C7
                                 Am
\mathbf{E}\mathbf{m}
        Em
                C7
                      Am
                           C7
                                 Am
Am
Em
        Am
                 C
I just wanna say
I haven t been away
                                С
        Am
I m still right here
                                 G
                                            Em
where I always was
                                                   C
             Am
so one day, if you re bored
by all means call
                                                          C
                                       \mathbf{Am}
because you can do
but only if you want to
Am
         Em
                 C7
                       Am
                             C7
                                  Am
Em
Am
         Em
                 C7
                       Am
                            C7
                                  Am
Em
         Am
I just wanna say
I haven t been away
                                            C
             Am
I am still right here
                                  G
                                              Em
where I always was
                                                                 C
                   Am
so one day, when you re bored
by all means call me
                                 Αm
                                               С
because you can do
but you might not get through
\mathbf{E}\mathbf{m}
Am
          Em
                   C7
                         Am
                               C7
                                      Am
Em
```
