Mother Mother

Mother Mother - Getaway (Eureka - 2011)

Beautiful song from the amazing new album Eureka.

Tuning - Standard (E A D G B E)

The basic chord progression is very easy:

F Am F Am A# Dm F Am

Either strum along, or pick the strings. They use another guitar in the background

playing 16th notes along the same progression.

First verse:

F	Am	
And I dream on a wave		
F		Am
I could tunnel underground or I could float away		
A#	Dm	
from it all, on a holiday bon voyage		
F	Am	
I wanna getaway from what I know		

The rest of the song is pretty much the same.

Peace.
