

**Four Walls**

**Mother Superior**

mother superior - for walls (Eb)

VERSES; **Em, Am, B7**

four walls surround s me  
four walls of pain  
four walls around me and  
THEY ALL KNOW YOU RE NAME

i m tired of tryin  
and i know i m not to blame  
but i m stuck inside  
these four walls again

CHO: **Am, Em, B7, Em**

i got for walls ahead of me  
four walls behinde me  
four walls are strangeling  
my worried mind

for walls around me  
i got nowhere to go  
rain falls down on this weary town  
lonesome...

cried out for mercy  
no body came  
stuck inside these  
four walls again
