Mother Superior - Standing Still

**C** **F**  
I am bummed out that you walked out  
**C** **G**  
did not worked out, where are you now

and i stay in on a sunday  
its the one day i get work done  
and i sleep in... in my own bed

**F** **C**  
sometimes all the things that you want  
keep you awake at night and they hount  
**E**  
all of you re dreams and all of your thoughts  
**F** **C**  
was not my fault

i reflected, suspected, being rejected, overreacted  
I am bummed out and i hate you,  
didn t work out, the world turns  
but i m standing still

sometimes all the things that you want  
keep you awake at night and they hount  
all of you re dreams and all of your thoughts  
it s all your fault
