Eternally Yours
Motionless In White

[Intro]
G#m G#m E F#   x2
G#m G#m G#m F#
G#m G#m E F#

[Verse]
G#m
Blow the bridge to the past,
F#
wipe the fingerprints
E
Melt your heart encased in wax,
F#
steal it with a kiss
G#m   **F#**
Our fate engraved, scar enslaved,
E
as we mutually destruct
G#m
Repose, my love,
F#   **E**   **F#**
I ve sinned enough for the both of us
E   **F#**
In the name of love

[Chorus]
           G#m   **E**
I m ready to bury all of my bones
F#   **G#m**   **E**
I m ready to lie but say I won t
               G#m   **F#**
So tell me your secrets and join me in pieces
                 E   **F#**
To rot in this garden made of stones

         G#m   **E F#**
Eternally yours
         G#m   **E F#**
Eternally yours

[Verse 2]
G#m   **F#**   **E**
I feed like you taught me and selflessly swallow
                 F#   **G#m**
We coalesce in darkness, so selfishly hollow
           F#   **E**
Examine the wreckage, writhing in tempo

```
         F#                     E
Invisible anguish casting a shadow
                     F#
And in the name of love

[Chorus!]
           G#m               E
I m ready to bury all of my bones
F#               G#m         E
I m ready to lie but say I won t

               G#m                      F#
So tell me your secrets and join me in pieces
                   E              F#
To rot in this garden made of stones

           G#m    E F#
Eternally yours
           G#m    E F#
Eternally yours

[Bridge/Breakdown]
G#m              F#                          E
    As we rest in pieces, though I know not your name
               F#                        E
I would suffer forever to absolve all your pain
                   F#
And in the name of love

[Chorus (once more)]
             G#m               E
I m ready to bury all of my bones
F#           G#m             E
I m ready to lie but say I won t

               G#m                      F#
So tell me your secrets and join me in pieces
                   E              F#
To rot in this garden made of stones
             G#m             E
I m ready to bleed to make amends

F#                   G#m             E
And sleep in this dirt we call our bed
F#m              G#m                     F#
So tell me your secrets  and join me in pieces
               E                      F#
To fall and rewrite the bitter end

           G#m    E F#
Eternally yours
           G#m    E F#
Eternally yours
```

```
        G#m     E F#
Eternally yours
        G#m     E F#
Eternally yours

E                   F#
   I m more than willing
                    G#m  F# ~ E ~
To rot in hell with you
```
