

Nite Time Is My Time
Moto Boy

C Am F G x2

C Am
Since I ve been found in your eyes
F G
there s nothing left to worry
C Am
in love once I know
F G
I meet the day with sleepless eyes
F Am
and let your rags of light
F G
take me where I want to go

C Am F G
Nite time is my time
C Am F G
Nite time is my time

I m waiting still to find
a dream within a dream
when I m with you again
I cut my lips on your love s breath
and my kiss begins to bleed
it s all I ever want my love

Nite time is my time
Nite time is my time
Nite time will always oh...
Nite time is my time
