

**O My Heart
Mount Eerie**

Super simple, **Em D C/G**

Em

What I find

D

Will be found easily

C/G

And only when I m not looking for it

Em **D**

Without looking for the morning

C/G

In the sunset

Em

And it s like this

D

And my will to live

C/G

Hides implied in my heart beating

Em **D**

Without looking for fulfillment

C/G

but just accepting it

Em

Oh whats this

D

is this my heart

C/G

and is it thumping?

Em

oh my heart

D

oh there you are

C/G

I stopped hunting

Em **D**

I thought you would be as big as a whale

C/G

Em

my nets were knit

D

my heart burns on

C/G

I had my ship sailed

Em

and oh my heart

D

there you are

C/G

mouse nest in my hair

Em

oh my heart

D

stow away

C/G

I stopped looking

Em

oh sleepy heart

D

what do you say?

C/G

should we keep thumping?
