Mhmmmmmmmmmm, mhmm, mhmmmm [x4]

[Verse 1]

C G D
Waved goodbye to the evening glow
C G D
In the fallâ€™s first fall of snow
C G D
There are brighter times ahead you know
C G D
Just gotta get through the off black winter in this god-forgotten hole

 C G D
Mhmmmmmmmmmm, mhmm, mhmmmm [x2]

[Verse 2]

C G D
The streets outside hold a silent war
C G D
Everybody knows, but not what for
C G D
We are prisoners to our thoughts
C G D
Shackled up within invisible walls

[Chorus]

C G D
I forgot the ringtone of my phone
