(You can) get to know them in good time
You can get to know them in good time

When I was a kid, I used to sit at the side of the playground
And watch all the kids playinâ€™ games and runnin all around
Then the bell would ring and we would line upâ€"go inside
I would think I couldâ€™ve made some friends if I just tried (if I just tried)

Chorus

They say they best time to plant a tree was twenty years ago
But the second best time is right now today
Crawlinâ€™ all out of your shell can be slow, so I know
If your try, youâ€™ll blink and bashfulness will just wash away

Chorus
