Is this good or better

Called up my brother Dave

We met downtown for hash browns and eggs

Then we drove over to the DIA

Looked at Van Gogh and then the Claude Monet

My impression was that everything was all rightâ€”

Sun shininâ€™™ bright and weâ€™™re only hittinâ€™™ green lights

Everybody loves when the words all rhyme.

And if you like to sing along, you know there's never been a better time.

It was the best day ever

And Iâ€™ll remember it forever

I hope that every other day I have

Is this good or better

And, if you know me, you know we had to go climbing

Allyssa and Bill just stopped on a dime and

Met me at the wall and it was all well known

That weâ€™d stop to get sushi on the way back home  
I ate some maguro and some ikura  
Then I yelled out, “Gotchi-sama so deshita.”  
I drove home and I wrote this song  
And if you like the chorus, go ahead and sing along now.

It was the best day ever  
And Iâ€™ll remember it forever  
I hope that every other day I have  
Is this good or better
