

Put your money in the bank and watch it grow

**G**

When I see a penny, I always pick it up.

**A**

Take it back to my house and put it in a cup

**G**

And, when I get enough change, I roll it all up

**A**

Take 'em over to the bank and do you-know-what

**D**

**A**

Na na na na na oh oh oh

**G**

**A**

Put it in the bank and watch it grow

Saving up is a game you've got to play slow

Put your money in the bank and watch it grow

4 bar drum solo

4 bar guitar solo

**D**

**A**

Na na na na na oh oh oh

**G**

**A**

Put your money in the bank and watch it grow

Saving up is a game you've got to play slow

Put your money in the bank and watch it grow

The pay interest on the money I save

It's like they pay rent to use my cents

And, it's good money, so use your good sense

Then one day soon you'll pay your own rent

I'm talkin'

**D**

Na na na na na oh oh oh

Put your money in the bank and watch it grow

Saving up is a game you've got to play slow

Put your money in the bank and watch it grow
