

Lift Me Up
Mree

I tried RubyMatilda s version, and it didn t seem right to me. I am a beginner, so it s obviously not that accurate, but I tried listening and matching my version with the song..and it seems to work pretty well. Its easy to sing along with, that s for sure.
Let me know if it helps, or if it needs proper correcting!

Thanks!

~~~~~

Capo on 4th fret (depending if you can sing that high)

Intro

**C - Em - Am**

**C - Em - Am**

Verse 1

**C**                      **Em**                      **Am**  
You come around and make the seasons change

**C**                      **Em**                      **Am**  
You come around and leave the way you came

**C**                      **Em**                      **Am**  
You come around and wipe the tears away

**G**              **Em**              **Am**  
You make me want to give my heart away

**C**                      **Em**                      **Am**  
The way you speak and ease me without words

**C**                      **Em**                      **Am**  
And when you re gone it makes me toss and turn

**C**                      **Em**                      **Am**  
You come around and make sure that it hurts

**G**              **Em**              **Am**  
Make sure that it hurts when you re away

Chorus

**C      Em           Am**  
Here among the clouds

**C           Em           Am**  
We are safe and sound

**C Em Am**  
You lift me up

**C Em Am**  
You lift me up

Verse 2

**C                           Em           Am**  
You come around and light up everything

**C                           Em           Am**  
You stun me with your smile and all you bring

**C                           Em           Am**  
You come around and make me want to sing

**G           Em           Am**  
Make me want to sing my fears away

Chorus

**C      Em           Am**  
Here among the clouds

**C           Em           Am**  
We are safe and sound

**C Em Am**  
You lift me up

**C Em Am**  
You lift me up

Outro/Ending

**C Em Am**  
Lift me up

**C Em Am**  
Lift me up

**C Em Am**  
Lift me up
