

Another Night On My Side
Mt. Desolation

I didn't tab the whole of this song, I found it on the internet and made a few changes. I hope it's okay!

D

Little valentine

D **G**
We've been losing our way

A

Lately

D

Love has cut adrift

D **G** **A**
On a sea with no waves

D

I've got a heavy heart

D **G**

I've got to lighten my load

A

Baby

D **G** **A**
I'm a planet just spinning out of control

G

Baby can you turn the tide

Bm **A** **G**

Another night on my side

G **A** **D**

Baby can you turn the tide on me

D

G

I remember when we would always come first

A

Sweetheart

D

Then ambition came

D **G** **A**

Stealing in like a thief in the night

G

I guess I'll turn out the light

Bm **A** **G**

Another night on my side

G **A** **D** **D7**

Baby can you turn the tide on me

G

You want your old life

G **D** **A**

You want the innocent fire

G

Well I've been thinking of the same things

Bm **F#m** **A**

Like back when love was still wild

D

Maybe we could go

G

Maybe we could go home

A

Darling

D

Take another go

D **G** **A**

Cause life is rough on your own

G

I'm hurting but I've got my pride

Bm **A** **G**

Another night on my side

G **A** **D**

Baby can you turn the tide on me

Bm **A7** **D**

Please turn the tide on me
