Bridal Gown - Mt. Desolation

Tabbed by: Vincenzo Vigilante

Tuning: Key of C minor

C#m
Girl your voice has been

E
the music of my life

G#m
since we were kids

without a fear or dream.

C#m
Playing up for cine films

E
On our new bikes we spun our wheels

G#m
down the alleys, through the fields,

C#m E
and as for loo-ve

B
nothing was further from our minds,

C#m
time was endless

G#m C#m
and it was the best of times.

---Like the first one:

And as the years went speeding by
you were not always at my side
but you were ever in my mind.

It seemed our stars were tightly bound
from time to time we fooled around
I picked you up, I put you down

Until the moment
I saw you in your bridal gown
I just assumed
that you would always be around.

---Chorus:

E **C#m**
And the ground beneath my feet
G#m **C#m**
became an endless empty street

Because I d assumed
G#m **C#m**
that you would always bi around.

C#
Our features change, no longer smooth
E
gone is the leanness of our youth
G#m
but when you swept into that room
C#m E
you were glow-ing
B
barely recognizable
C#m **G#m** **C#m**
Of course I loved you but I d had no idea at all

---Like the chorus:
and the ground beneath my feet
became an endless empty street
Because I d been thinking
that you would always be around.

---Like the chorus again:
Spoiled child I could not see
what was standing in front of me
and now itâ€™s too late,
you re standing in your bridal gown.

C#m **G#m** **B**
Till the moment I saw you in your bridal gown

C#m
I just assumed that

B **C#m**
you would always be around

C#m
I just assumed that

B **C#m**
you would always be around.
