

Say Alright

Mt. Egypt

Song: Say Alright
Artist: Mt. Egypt
Tabbed by: auseklis

Tuning: Standard
Mode: Ionian/Lydian hybrid

Capo 2 (sounding F# major)

PERFORMANCE NOTES:

*Due to the shifting tonality of the song (uses alternating natural and raised 4th it is difficult to tell whether Travis uses a ii or a II (F#m or F#) chord in certain places.
can get away with playing an F#5 chord (244xxx) in place of either the major or minor
if you want to be safe. I welcome corrections if you think I've got a couple wrong.
