Mt. Joy

A* Mary Anne the matriarch is stirring in the dark

E*

A* She knows just what to do with time

E* But I don t know where to start

A Cause in the daylight there are monsters in my closet

E Using up the wi-fi

A Hope she never knows what s on my mind
On my only time

E Cause that feels right

[Pre-Chorus]

A As I move everywhere

E

A Yes, I move everywhere
Inside

E

[Verse 2]

A* Every phone call- I m pacing the halls

E* Am I the only one that sleeps with the TV on?

A And our good feels better than our hanging on

E When I need the time alone

A So I pitched a tent where the white things crawl

E To feel the earth beneath me

A Try to avoid the pollution from this revolution

E Try to see the dust on the stars

A Babe, I move everywhere

E

A Yes, I move everywhere
Inside us

E
