tabbed by jason, LTJpezking04

okay this is my second tab, i m pretty sure it s right, it sounds good when i play though so....anyway-ythese are the main chords, strumming and rymthm are easy to figure out..

bass starts..then guitar plays these intro chords..

```
e|-----|
B|-----|
G|--4--5--4--6--3--|
D|--4--5--4--6--3--|      x3
A|--2--3--2--4--1--|
E|-----|
```

the verse and chorus and basically the same along with the riff played after the intro..here are the chords..

```
e|-----|
B|-----|
G|--4--3--4--5--|
D|--4--3--4--5--|
A|--2--1--2--3--|
E|-----|
```

this is basically it, like i said strumming and rymthm is easy to find, enjoy the tab..
