

Hopeless Wanderer  
Mumford & Sons

**G**            **D/F#**    **Am**  
You heard my voice  
              **Em**            **D**            **C**  
I came out of the woods by choice  
**G**            **D/F#**            **Am**  
Shelter also gave their shade  
              **Em**            **D**            **G**  
But in the dark I have no name

**G**            **D/F#**            **Am**  
So leave that click in my head  
              **Em**            **D**            **C**  
And I will remember the words that you said  
**G**            **D/F#**            **Am**  
Left a clouded mind and heavy heart  
              **Em**            **D**            **C**  
But I am sure we could see a new start

**Em** **D**                            **G**            **C**  
              So when your hopes on fire  
**Em** **D**                            **G**            **C**  
              But you know your desire  
                                      **Em**                            **D**  
Don t hold a glass over the flame  
                                      **G**                            **C**  
Don t let your heart grow cold  
              **Em**                            **D**  
I will call you by name  
              **G**                            **C**  
I will share your road

( **Em** )

**Em**                            **Em**  
Hold me fast, Hold me fast  
                                      **C**    **Em**    **D**    **Em**  
Cause I m a hopeless wanderer  
**Em**                            **Em**  
Hold me fast, Hold me fast  
                                      **C**    **Em**    **D**    **G**  
Cause I m a hopeless wanderer

( **G** - **D/F#** - **Am** - **Em** - **D** - **C** )

**G**            **D/F#**            **Am**  
I wrestled long with my youth  
              **Em**            **D**            **C**

We tried so hard to live in the truth

**G** **D/F#** **Am**

But do not tell me all is fine

**Em** **D** **G**

When I lose my head, I lose my spine

**G** **D/F#** **Am**

So leave that click in my head

**Em** **D** **C**

And I won't remember the words that you said

**G** **D/F#** **Am**

You brought me out from the cold

**Em** **D** **C**

Now How I long, how I long to grow old

**Em** **D** **G** **C**

So when your hopes on fire

**Em** **D** **G** **C**

But you know your desire

**Em** **D**

Don't hold a glass over the flame

**G** **C**

Don't let your heart grow cold

**Em** **D**

I will call you by name

**G** **C**

I will share your road

( **Em** ) (4x)

( **C Em D Em** ) (2x)

**Em** **Em**

Hold me fast, Hold me fast

**C** **Em** **D** **Em**

Cause I'm a hopeless wanderer

**Em** **Em**

Hold me fast, Hold me fast

**C** **Em** **D** **Em**

Cause I'm a hopeless wanderer

**Em** **Em** **C** **G** **D** **Em**
