

Reminder

Mumford & Sons

**G C G**  
Don't let me darken your door

**G C Em**  
It's not what I came here for

**G D G**  
No it's not what I came here for

**G C G**  
And I won't hear you cry when I'm gone

**G C Em**  
I won't know if I'm doing you wrong

**G D G**  
I never know if I'm doing you wrong

**G C G C**  
Constant reminder of where I can find her

**Em C G**  
A light that might give up the way

**G C**  
Is all that I'm asking for

**G C**  
Without her I'm lost

**Em D G**  
Oh my love don't fade away

**G C G**  
So watch the world tear us apart

**Em C G**  
A stoic mind and a bleeding heart

**G D G**  
You never see my bleeding heart

**G C G**  
and your lights always shining on

**Em C G**  
and I've been travelling oh so long

**G D G**  
I've been travelling oh so long

**G C G C**  
Constant reminder of where I can find her

**Em C G**  
A light that might give up the way

**G C**  
Is all that I'm asking for

**G C**  
Without her I'm lost

**Em**                            **D**       **G**  
Oh my love don t fade away

**Em**                            **D**       **G**  
Oh my love don t fade away
