

Whispers In The Dark
Mumford & Sons

C **Am**
You hold your truth so purely
G **F** **Am**
Swerve not through the minds of men
G
This lie, it is dead
C **Am**
And this cup of yours tastes holy
G **F** **Am**
A brush with the devil can clear your mind
G
And strengthen your spine

Am **F** **C**
But fingers tap into what you were once
Am **F** **C**
And I m worried that I blew my only chance

F **C**
Whispers in the dark
G **Am**
Steal a kiss and you ll break a heart
F **C**
Pick up your clothes and curl your toes
G **Am**
Learn your lesson, lead me home
F **C**
Spare my sins for the ark
G **Am**
I was to slow to depart
F **Am**
I m a cad but I m not a flawed
G **C**
I set out to serve the Lord.
F **C**
But my heart
F **C**
Was colder when you d gone
F **C**
I lost my head
F **C**
But found the one that I loved
F **C**
Under the sun
G **C**
Under the sun

Am F C
But fingers tap into what you were once
Am F C
And I m worried that I blew my only chance
Am F C
But fingers tap into what you were once
Am F C
And I m worried that I blew my only chance

F C
But my heart
F C F
Was colder when you d gone
C
I lost my head
F C
But still, while we are young
Am C
While we are young
Am C
While we are young
Am C
While we are young
