

Blind Leading The Blind
Mumford & Sons

[Intro] **F G C E**

F G C C/D
My generation's stuck in the mirror
E E7
Forget about the poor
F
Cause I don't like the word
G C C/D
And I need to know the name of my neighbor
E E7 F
I am not known if I'm not seen or heard
G C C/D
And I am afraid of that which I do not know
E E7 F
So why don't I just ask your fucking name
G C C/D
Justice just gets buried in a white light
E E7 F
I heard there was a time you'd call it shame

(**F C F G Em**)
(**F C F G Em**)

F C F
So put your hand in mine tonight
G Em F
And I will be here
C F
When you're crying out tonight
G Em F
I will be here

(**F C F G Em**)
(**F C F G Em**)

F G C C/D
Your cynicism buys me no more time here
E E7 F
Imagine my relief to hit the walls
G C C/D
Running from the weight of ancient labels
E E7 F
And leaving what identity there was
G C C/D
Well my generation's stuck in the mirror
