England The National Cover
Mumford & Sons
______
              ENGLAND (The National cover) - Mumford and Sons
Tabbed by: Javo (Javier Concha)
Tuning: 3rd capo
Intro:
G Am C Dm
C Am G [x2]
G
                                                Am
Someone send a runner through the weather that I m under
                                Dm
for the feeling that I lost today
                                          Αm
Someone send a runner for the feeling that I lost today
Someone send a runner through the weather that I m under
for the feeling that I lost today
Someone send a runner for the feeling that I lost today
            G
We must be somewhere in London
Am
We must be loving our lives in the rain
             C
                              Am
We must be somewhere in London
G
Walking Abbey Lane
G
                     Am
I don t even think to make
I don t even think to make
                     Am
I don t even think to make corrections
```

```
Dm
Famous angels never come to England
England gets the ones you never need
I m in a Los Angeles cathedral
Minor singing airheads, sing for me
Am
Put an ocean and a river between everybody ever
                              Dm
between everybody else and home
                                       Am
Put an ocean and a river between everybody else and home
Put an ocean and a river between everybody ever
between everybody else and home
                                       Am
Put an ocean and a river between everybody else and home
            G
We must be somewhere in London
We must be loving our lives in the rain
We must be somewhere in London
Walking Abbey Lane
G
                     Αm
I don t even think to make
I don t even think to make
                     Am
I don t even think to make corrections
     Chorus:
