Mumford & Sons

Ghosts that we knew

No Capo

C Am F C
You saw my pain, washed out in the rain
C Am F C
Broken glass, saw the blood run from my veins
C Am F C
But you saw no fault no crack in my heart
C Am F C
And you kneel beside my hope torn apart

C#m Am C#m Am
But the ghosts that we knew will flicker from you
C G C
And we will live a long life

F C G C
So give me hope in the darkness that I will see the light
F C G
Cause oh that gave me such a fright
Am G F C
But I will hold as long as you like
F G Am
Just promise me we will be alright

C Am F C
So lead me back, turn south from that place
Am F C
And close my eyes from my recent disgrace
Am
Cause you know my call
F C
We will share my all
Am F C
Now children come and they will hear me roar

F C G C
So give me hope in the darkness that I will see the light
F C G
Cause oh that gave me such a fright
Am G F C
But I will hold as long as you like

F **G** **Am**
